

Curtin Mauritius

BACHELOR OF SCIENCE (ADVANCED NURSING GLOBAL)

Innovative • Practice focused • Globally recognised

If you are a compassionate person who wants to develop the contemporary knowledge and skills required to become a registered nurse who can impact people's lives and health systems locally and globally, then this course is perfect for you.

ABOUT THE DEGREE

The BSc Advanced Nursing (Global) is a revamped and future-focused nursing degree designed to prepare graduates for contemporary, complex and evolving healthcare environments. The program develops advanced nursing expertise, clinical reasoning and leadership capability, enabling graduates to deliver person-centered and evidence-based care across diverse healthcare settings.

Key features of the program include **leadership** development, a **strong mental health focus**, **sustainability**, **digital and planetary health**, in addition to the whole range of clinical nursing skills used in today's changing health environment.

Throughout the course, **students learn to apply new learning** through advanced scenario-based simulation practices and approximately **1,200 hours of supervised clinical placements** in a range of facilities - including aged care, community health, mental health services, and public and private hospitals across general, acute and intensive care settings.

They are encouraged to collaborate with multi-disciplinary healthcare teams, studying alongside nursing, medical and allied health specialists from different fields.

PROFESSIONAL RECOGNITION

The course is accredited by the Mauritius Nursing Council (MNC). Graduates are eligible to apply for registration with the Mauritius Nursing Council (MNC), subject to meeting the Council's registration requirements in force at the time of application.

Additional examinations and/or assessments may be required to gain registration in some international jurisdictions (e.g. Australia), subject to local regulatory requirements."

STUDY PATHWAYS

The program equips graduates with the knowledge and skills required to progress to postgraduate applied or research studies locally or internationally.

ABOUT CURTIN UNIVERSITY

Curtin University is an innovative, global university, with campuses in Perth, Mauritius, Dubai, Singapore, Malaysia and Colombo. We are known for our high-impact research, strong industry partnerships and commitment to preparing students for jobs of the future.
